DIGMORE - Digital Media Objects & Resources

DIGMORE is the **SD60 online learning commons** that features **resources for teachers, students, and parents**. You will find a **student e-library, student links, teacher core curriculum and competency links, e-books, and digital resources** connected to Applied Design Skills & Technology (ADST). There are also digital literacy resources along with links to district libraries via Insignia. The student library consists of content provided by ERAC such as National Geographic Kids, World Books, GALE, and KnowBC, Explora, and Ebsco.

World Book Online References

We are still waiting for the links to become active. A temporary username and password is available from Technology Coaches if you aren't able to access.

Early World of Learning is an online resource designed for preschoolers and children in the early elementary grades featuring Trek's Travels, Welcome to Reading, Know It, and Story Corner.

World Book Kids features image-based navigation, easy-to-read articles, thousands of images and videos as well as engaging games, science projects, and activities.

World Book Student includes all the articles from the print versions of the World Book Encyclopedia, plus thousands of additional articles, learning resources, and research tools.

World Book Advanced includes encyclopedic and multimedia databases along with books, primary sources, website links, back in time articles, special reports and more.

World Book Timelines offers hundreds of pre-generated timelines across eight broad topics, which cover various time periods in history or span the life of historical public figures.
